# Commencement Is a Door

Commencement doesn't mean
As it may sound, the end;
It means the starting place,
The point where we begin.
So let us not forget
When we each graduate —
Commencement is a door,
A welcome open gate.
And let us then commence
To live by truth believed,
And act according to
The knowledge we've received.
For life is like a book —
Commencement is a door
That leads from chapters closed
To many chapters more.
So on this new threshold,
Unfearful of the strife,
May our commencement mean,
"Beginning of real life."

# We don't intend to leave your generation with a generation gap.

Your generation probably will need as much electricity as we're using these days — and perhaps more — for homemaking, jobs, education, health care and cleaning up the environment. At Texas Electric, we've developed long-range plans to meet these needs by diversifying the fuel sources we use to generate electricity. We're planning and building new plants to use these fuels. You can be sure we don't intend to leave your generation with a generation gap.

The 1977 HAWK YEARBOOK STAFF would like to express deep appreciation to advertisers for making the yearbook possible; the Bill Bates, Mrs. Donald Schram, and the Rip Smiths for the use of the grounds at their homes for pictures; and Mr. Bob Hamilton for some of the sports action shots.

We are also appreciative of the helpful directions and guidance of Mrs. Raydean Mattis, our sponsor, and Mr. Bob Dawson, our principal.

We hope you enjoyed this year as much as we did.

*The 1977 HAWK Yearbook Staff*
*Thanks the Student Body for Making*

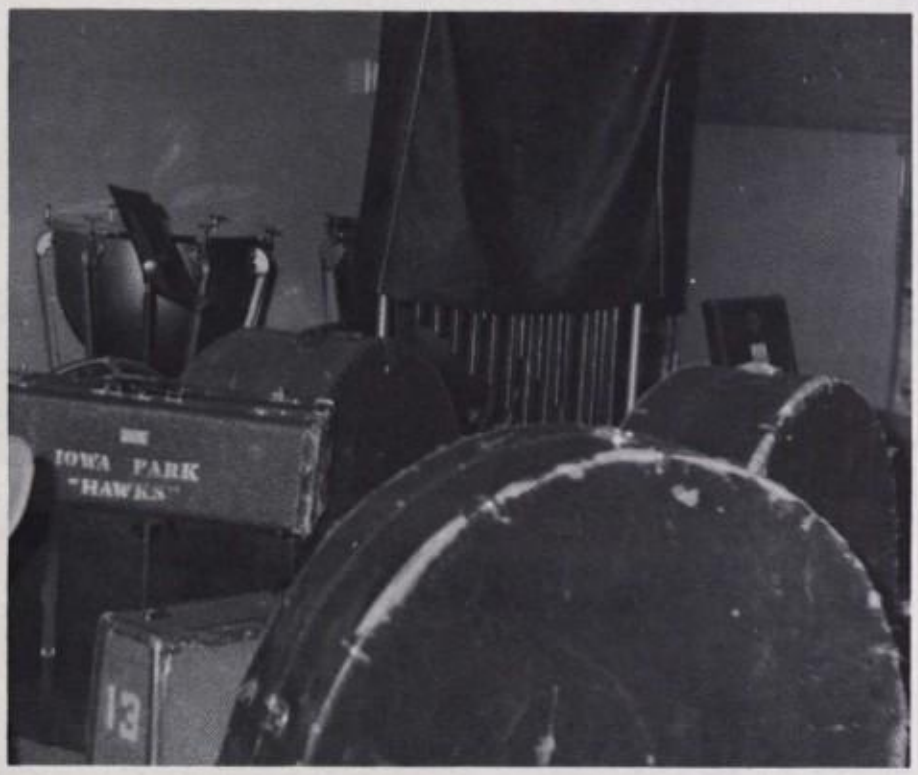
# The School Year Ends

Books and band instruments signal the completion of another year. We say good-bye to old and dear friends — some we may never see again.



Commencement exercises are held on May 27 at the football field. Twelve years of schooling are completed with the recessional then we embark on a new life. And, we say good-bye to good old IPHS.
